

In the manifestation of the grace of our baptism which we try to live till its fulfillment.

Being born on Christian ground or coming from paths of conversion, from desolated but thirsty contemporary deserts, in the encounter with the spacious and unpredictable God.

In him, we consecrate our life in poverty : a humble answer to the cry of the poor, we wait for everything from God's gift :

In chastity : God is Love, He Only can fulfill us !

In obedience, we make Him the offering of our will ! We are available for the service and the joy of the poorest and this fourth vow, coming from the heart of the Gospel, is the deep identity card of our life!

The sisterly community in our Congregation is for us, a place of essential life, a source of prayer and sharing, of a continuous conversion and a mission!
